Our annual STEM Academy is back and better than before! This year we are holding a 3-day STEM Academy at Galeton Area School. Each day is packed full of fun! Sign your students up today!

Open to Students

~Entering Grades 4-7 for 2019-2020 School Year~

Monday: June 10 ~ The Day the Robots Took Over! ~ In this workshop students will immerse themselves in a robotics programming experience. Using Dash, Sphero and Ozobot robots students will be able to work hands-on with these engaging and innovative STEM tools. Students will program robots to meet many different challenges. So come and learn how you can be in control of the robot revolution.

Tuesday: June 11 ~ The Day of Design ~ This session will focus on engineering and designing projects to overcome challenges! Students will get hands-on experience with using STEM tools like Lego WeDo, Knex, Snap Circuits and more. See what you can come up with in this creative day of design!

Wednesday: June 12 ~ Let's Make a Game! ~ Everyone has played a video game, but not many have made one! In this workshop students will get the opportunity to create their own interactive project using computer coding AND design a controller to operate the game using Makey-Makeys. So come out and see if you can score a high score in this awesome STEM day!

REGISTRATION:

March 1, 2019—May 24, 2019
